EDUCATION

Washington University in St. Louis | St. Louis, MO   **August 2022 – May 2026**
BSBA in Finance; minors in Computer & Geospatial Sciences
- GPA: 3.5/4.0 — SAT: 1570/1600 (Math: 800 | EBRW: 770)
- Relevant Coursework: Financial Accounting, Data Structures & Algorithms, Launching & Scaling New Enterprises

EXPERIENCE

Radiant AI | Toronto, ON — Remote   **August 2023 – Present**
Operations Manager — 1st Employee
- Collaborated directly with founders, formerly of Lyft and Amazon, to target $2 million seed round: co-developing pitch decks, streamlining investor communications with custom MXRoute web-hosting, and managing 550+ client relationships
- Designed user-centric interfaces in Figma for proprietary medical AI query engine, set for development in React; honed through iterative sprints following stakeholder feedback, supervised 2 junior UX interns to accelerate project milestones
- Spearheaded budgeting & operational efficiencies through Notion, enabled rapid hiring and team scalability; formulated customer discovery frameworks to standardize feedback collection, resulting in high-quality insights

Amazon Web Services—Collegiate Entrepreneurs' Organization | St. Louis, MO   **March 2023 – September 2023**
AWS University Scout
- Selected as one of two WashU undergraduates/MBA candidates to serve as the primary point of contact between AWS and the WashU startup ecosystem, facilitated discussions on financial modeling, budgeting, and the effective use of AWS credits
- Led the financial evaluation of 20+ high-potential startups for AWS-credit grants. Conducted budget audits and cash flow forecasts to model valuation metrics and profitability analysis

Entre | Remote   **May 2023 – August 2023**
Growth Marketing & UX/UI Design
- Built and scaled Web3 finance/startup community, swiftly reaching top 10% in membership across site platforms. Provided founder guidance, hosted events. Automated marketing/outreach with Python and Apollo, improving lead generation 45%
- Boosted user engagement 515% through high-impact social media content — Adobe Suite, DaVinci Resolve, and Kapwing

Magnifi | St. Louis, MO   **January 2023 – May 2023**
Business Operations
- Authored a winning pitch in rigorous startup competition of 90+ teams. Secured $5,000 for AI-driven talent sourcing platform
- Performed cost-benefit analyses to optimize development strategies, directing funds to initiatives with highest potential ROI

Devster VR, LLC | Remote   **February 2020 – June 2021**
Marketing Intern
- Devised and executed grassroots social-media marketing campaigns for VR game development studio's first project: Swords of Gurrah, helping grow online community to 3,000+ members and driving game to Steam "Top Seller" of November 2020

PROJECTS

VRClub — (Virtual Reality Club) | St. Petersburg, FL   **June 2019 – December 2022**
- Created & managed 2nd largest VR/MR/XR community on the Discord platform. Collaborated with Meta, Discord, game-development studios, etc. 9,000+ members
- Launched successful charity VR livestream event during COVID-19 pandemic, partnering with prominent YouTube/Twitch creators, totalling ~2 million combined subscribers — raised >4,000$ for Gamers' Outreach Foundation

Hack WashU | St. Louis, MO   **October 2023 – October 2023**
- Built machine learning web-app (NextJS and SKlearn). Awarded for project-based content in social-media/marketing fields

AutoSunset | St. Louis, MO   **August 2023 – September 2023**
- Used CSS, JavaScript, & Java to create Google Calendar extension — automatically schedules sunsets based on user location

LEADERSHIP

WashU Wilderness Project | St. Louis, MO   **January 2023 – Present**
- Guide first-year students through structured, overnight wilderness experiences. Coordinate logistics, planning hiking routes in ArcGIS to ensure safe, enjoyable trips while training in mentorship, first aid, & outdoors leadership skills

Washington University Student Associate Program (WUSA) | St. Louis, MO   **March 2023 – Present**
- Year-long student mentor; support cohort of 15 freshmen through their academic, social, and personal transitions to college
